**LAIDLEY STATE HIGH SCHOOL
STUDENT RESOURCE SCHEME AND SUBJECT FEE INFORMATION**

Laidley State High School operates a Student Resource Scheme to provide a convenient and cost-effective way for students to access the educational resources necessary to enhance their learning experience at school. The scheme ensures that students have the resources required for them to engage with the curriculum for their education and save parents time and money in sourcing the prescribed materials.

Subject Fees: Some subjects require students to use materials to fulfil assessment requirements. These projects become the personal property of the student. The subject fee is for the costs of materials used in producing these items.
