PARENT/GUARDIAN CONSENT

I support the subject selections listed on this form and agree that these meet the career plans outlined in my child's Senior Education and Training Plan.

I understand that students who hand in Subject Selection forms after the due date may be unable to be enrolled in the subjects of their choice and may be required to make other selections. I understand that the school reserves the right to withdraw any subject which does not attract sufficient student enrolments to make the subject viable.

The school will consult with students and their parents to negotiate alternative subject choices where a student's subject selection is not available, recommended or supported by the school, including cases where a student may be considered unsuitable for a course based on their prior academic course and results.
