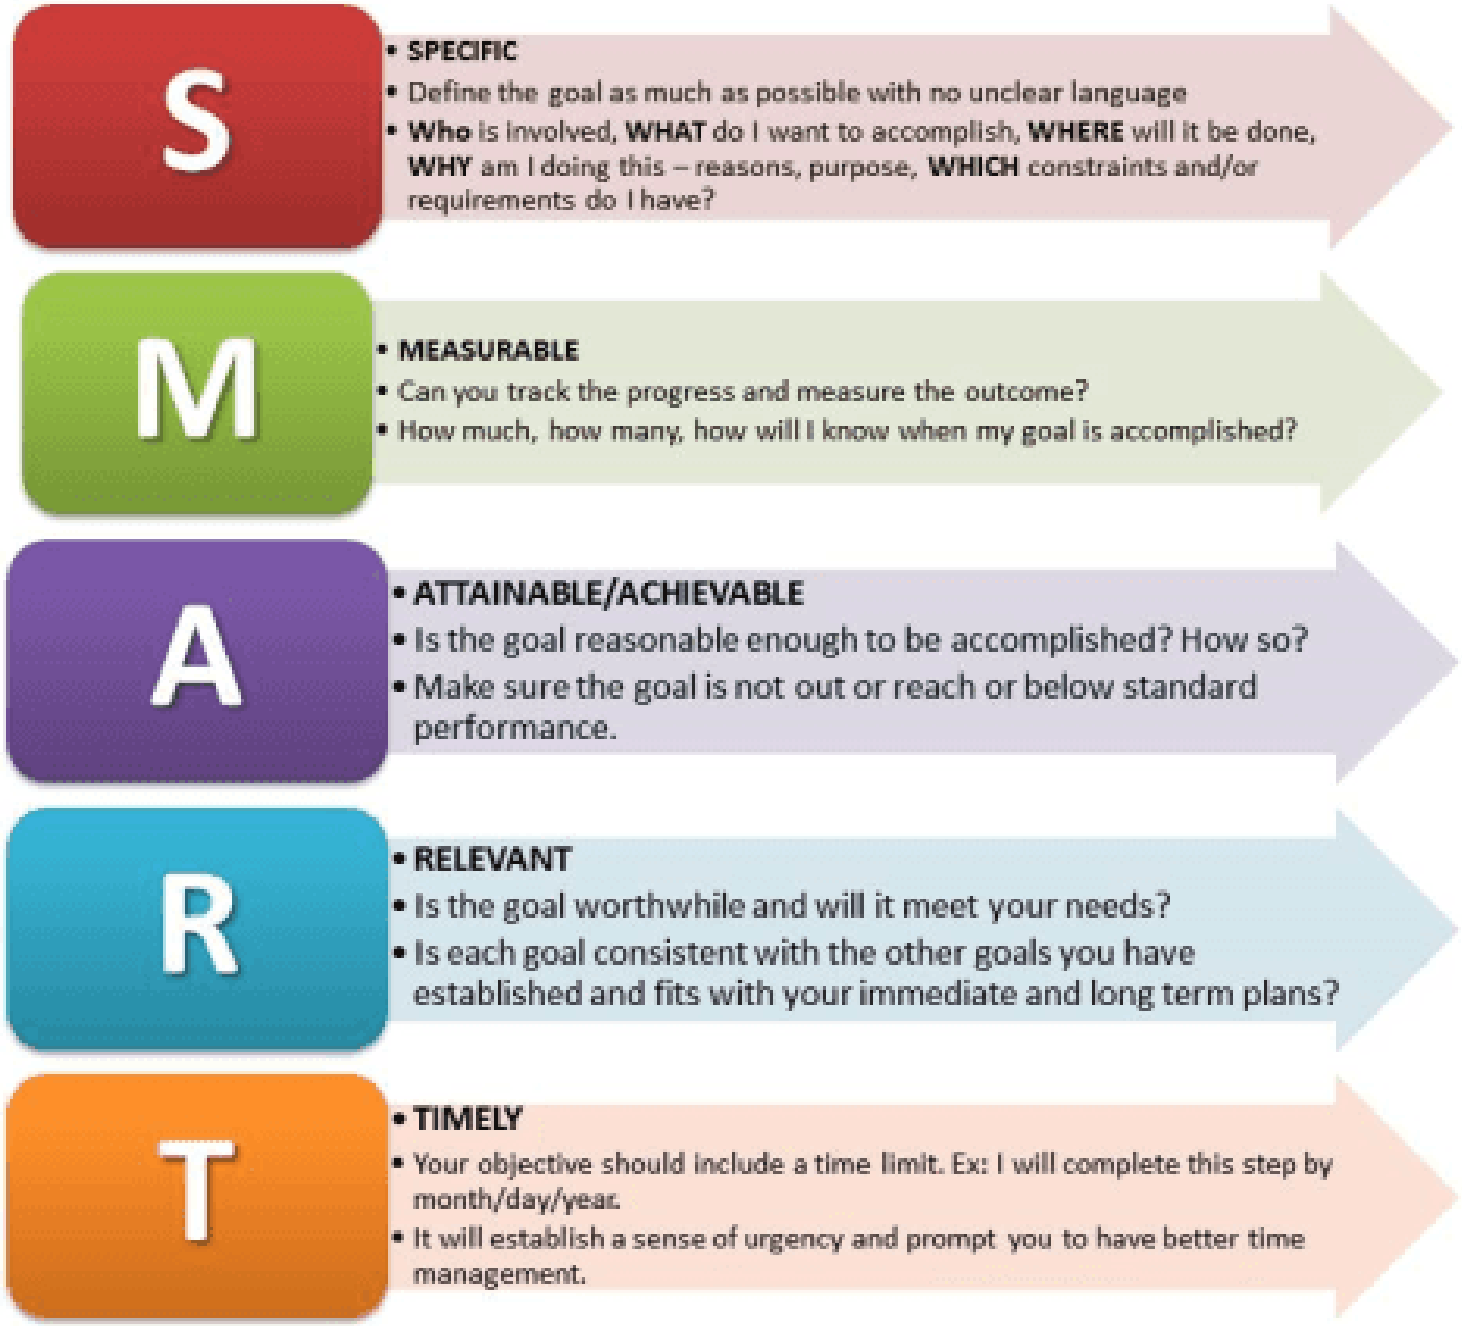
But first, let's set some goals for Year 10

- Setting goals is an effective way to increase motivation and to help you to create the changes you want.
- SMART goals are used to set meaningful and achievable goals



S
• SPECIFIC
• Define the goal as much as possible with no unclear language
• Who is involved, WHAT do I want to accomplish, WHERE will it be done, WHY am I doing this – reasons, purpose, WHICH constraints and/or requirements do I have?
M
• MEASURABLE
• Can you track the progress and measure the outcome?
• How much, how many, how will I know when my goal is accomplished?
A
• ATTAINABLE/ACHIEVABLE
• Is the goal reasonable enough to be accomplished? How so?
• Make sure the goal is not out or reach or below standard performance.
R
• RELEVANT
• Is the goal worthwhile and will it meet your needs?
• Is each goal consistent with the other goals you have established and fits with your immediate and long term plans?
T
• TIMELY
• Your objective should include a time limit. Ex: I will complete this step by month/day/year.
• It will establish a sense of urgency and prompt you to have better time management.

Setting Your Goals

- These goal are ones that you believe will enable you to:
  - Improve my learning outcomes and make my best better
  - Enjoy school more
  - Get what I want from my education

- **For example**
  - **Specific:** I would like to begin a school based traineeship in the hospitality industry by the start of semester 2 in year 10
  - **Measurable**: I can measure this goal by completing the processes towards gaining this SBT and submitting my paperwork
  - **Attainable:** I can work with Mrs King to achieve this. I am consistently attending school and I behave while I am at school.
  - **Relevant:** I would like to be a chef when I finish school so this is a good pathway to achieve my future career
  - **Timely:** I would like to be accepted into the SBT by Semester 2 of year 10

Think. Pair . Share.

- 12 minutes – work independently to outline 2 SMART goals for year 10.
- 6 minutes – partner up with someone and share your goals. Provide feedback to one another.
- 3 minutes – If you would like, share your goal with the class.

OneSchool Access

- Login to your computer account and open OneSchool
  - You should automatically be logged into OneSchool

2. Complete Learning Snapshot

- Reflect on the subjects you have completed this year.
- Your term 3 results for academic achievement, effort and behaviour are uploaded in OneSchool as a Learning Snapshot.
  - View the results you achieved for each subject
  - Reflect on these results and consider the reasons for these results (both positive and/or negative)
  - Set some goals for the remainder of this year in each subject you are still enrolled in.
